

## WHAT IS THE PTA???

The Parent Teacher Association (PTA) is a group of parents, teachers, and members of the community. By joining the PTA, you are able to make a significant impact on your child's school experience by having programs and activities available that would not normally be offered.

### What does a membership Cost?

For most people, only \$12.50 for the school year.

The more members we have, the bigger the impact we are able to have on the students.

### Will I have to volunteer?

No. You are not required to volunteer as a member of the PTA.
